

# **CUSTOMS NOTICE**

## **RELOCATION OF CUSTOMS COURIER OPERATIONS**

The public is hereby notified that effective December 1<sup>st</sup>, 2015, the Customs Courier Operations will be relocated to the Old Customs Building in the area that formerly housed the Documentary Processing Unit.

The operations had been temporarily housed at the Save-A-Lot Compound to facilitate the removal of asbestos and repairs to the Old Customs Building and we were aware of the inadequacy of the area to provide full service to our clients. We therefore take this opportunity to thank all our valued customers for your patience during this time.

Our new renovated location is more spacious and will enable us to provide our customers with a higher quality service and will be a one stop shop.

We would also like to thank all the service providers for their understanding and cooperation during the period. Special mention must be made of the following courier operators who recognized the value in providing a better service to their customers and partnered with us to complete this exercise. They are:

**Aeropost St. Vincent**

**Ezone Internet Delivery**

**Swift Pac / Caribbean Freight & Courier Limited**

**Majestic Xpress Internet Shipping Service**

**Fox Express Shipping**

**EFS Courier Service**

The Customs and Excise Department is committed to providing efficient service to our customers.
